

friend, and to let you know that we need to follow in the pathway of Carrie Meek that brings us all together to pass the jobs bill, a bill that could really be named after you Carrie, and as well to ensure that we protect those who have been harmed by disasters.

Thank you, Congresswoman Carrie Meek.

### BARRIERS TO JOB CREATION

(Mr. SCALISE asked and was given permission to address the House for 1 minute.)

Mr. SCALISE. Madam Speaker, this House and this Congress need to be focused on job creation. In fact, this House has passed scores of legislation out of the House over to the Senate that would create millions of American jobs. Yet the Senate refuses to take any action on them.

And what do we get from the President? We get more of the same class warfare and failed stimulus legislation. Of course, his first stimulus was such a disaster. We had a hearing last week that exposed the Solyndra scandal. That's the company that the President used as the poster child for the stimulus bill 2 years ago. And what happened? The taxpayers are on the hook right now for over \$530 million of money that was thrown away by this company that the President called a year ago the "future of this country."

Well, I don't want a future of bankruptcy, I don't want a future of scandal, and I don't want a future of the radical regulations and this class warfare that this President has given to this country. We need to create American jobs. We need to get these crazy regulations off the backs of our small business owners and create jobs in America.

### WE LOVE OUR CARRIE MEEK

(Mr. HASTINGS of Florida asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. HASTINGS of Florida. Madam Speaker, I want to thank FREDERICA WILSON for organizing the "We Love Our Carrie Meek" 1-minutes.

Carrie, I want to make sure that you understand that this is not funereal, and they've kind of made it sound that way. This is a tribute to you. And since you and I came here together, along with JIM CLYBURN, CORRINE BROWN, SANFORD BISHOP and EDDIE BERNICE JOHNSON, and BENNIE THOMPSON halfway, since he came a little bit later, I speak for them as well.

EDDIE BERNICE could not be here but asked that I recite a portion of her remarks, and that is that your career in the House was distinguished as well as that on the State level.

Almost immediately, the Congresswoman established herself as a champion of expanding federal programs to create jobs and provide initiatives for African American business owners. In a

battle that is still being fought today, Congresswoman Meek passionately opposed cuts to social welfare programs in the 1990s to prevent the financial burden from being carried on the backs of the middle class and the disadvantaged.

I have the distinction of offering EDDIE BERNICE's full remarks and the compliments and congratulations from all of our class that came here in 1992, and an even greater distinction of speaking with Carrie perhaps as much or more than most of the Members with regularity and sharing with her the number of jokes and a number of anecdotes that we have together.

I, as well as all of us, are proud of you, Carrie, and the enormous work that you have done and that you will continue to do through the foundation. And thanks again for sending Kendrick to us as well.

Mr. BISHOP of Utah. Madam Speaker, for the purpose of debate only, I yield the customary 30 minutes to the gentleman from Florida (Mr. HASTINGS), pending which I yield myself such time as I may consume. During consideration of this resolution, all time yielded is for purpose of debate only.

### GENERAL LEAVE

Mr. BISHOP of Utah. I also ask unanimous consent that all Members may have 5 legislative days during which they may revise and extend their remarks.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Utah?

There was no objection.

Mr. BISHOP of Utah. Madam Speaker, this resolution provides for a structured rule for consideration of H.R. 2401, the Transparency in Regulatory Analysis of Impacts on the Nation. Fortunately, the anagram comes to TRAIN, so it's the TRAIN Act of 2011.

It makes in order 12 specific amendments out of the 14 that were received by the Rules Committee. Of the two not made in order, one was withdrawn by the sponsor and the other was not germane to the rules of the House. So what the Rules Committee has presented here is a rule that is, quite frankly, not bad. It is going to provide for an open discussion for those who are interested in this particular issue on the floor. It's a very fair rule, and it continues the record of the Rules Committee in this Congress of making as many amendments in order as possible which simply conform to the rules of the House. That's been the goal of our chairman, Mr. DREIER, and say what you will, he has produced a standard of fairness in the floor discussions that we will be having here on the floor in the past as well as in the future.

There are a lot of people that say Congress is simply dysfunctional. I admit, the system was designed to be complex, but there are a lot of people, especially those that have very little contact with this system, who simply stand up and say, why can't you just
